CO5 - To study the problems of percentage, their application for basic skill.

3) Auditing

CO1 - To Understand the concept and benefits of business audit

CO2 - To Study the internal check system and valuation of Assets and Liabilities

CO3 - To Study the Power, Duties and Liabilities of Company Auditor.

CO4 - To study the preparation of Audit Reports

CO5 - To understand the functioning of Audit in Banking, Insurance and Educational Institutions

4) Monetary System

CO1 - Students will understand the basic concept of Money and its changing phase; also able to develop their own understanding about present money/currency importance in rapidly changing global economy.

CO2 - Students will learn about value of money and theories of money; also able to develop their own understanding on demand and supply of money.

CO3 - Students will be able to understand concept of price fluctuation states inflation /deflation and trade cycle of economy; also will be able to develop solution on Indian economic problem or publish.

CO4 - Student will learn and practice about money market and money market financial instruments; also able to give suggestion to marketer for surplus/deficit financing from money market.

CO5 - Students will learn the basics of Capital Market & its working mechanism, it will learn investor & marketers point of view; financial literacy of student could be developing and they will take appropriate financial decision while investing in capital market through shares/any other financial instrument.

5) Information Technology & Business data processing - I

CO1 - To familiarize with basic of Data and Data Processing in Information Technology.

CO2 - To familiarize with basics of Database, Data Warehousing and Data Mining in Information Technology.

CO3 - To familiarize with basics of Database management System in Information Technology.

CO4 - To get practical knowledge for handling of Spreadsheet Basics and Working with Worksheet in MS-Excel.

CO5 - To get practical knowledge for uses of Formulas, Functions and Chart in MS-Excel.

B.Com. Semester IV

1) Corporate Accounting

CO1 - To impart basic Accounting Knowledge regarding Final accounts of banking company.

CO2 - To develop conceptual understanding of fundamentals of Final accounts of Accident insurance company.

CO3 - To develop conceptual understanding of fundamentals of Liquidation of company.

CO4 - To develop conceptual understanding of fundamentals of Valuation of Goodwill.

CO5 - To develop conceptual understanding of fundamentals of Valuation of Shares.

2) Business Statistics

CO1 - To demonstrate knowledge of probability and the Standard statistical distribution.

CO2 - To demonstrate the knowledge and understanding To of index number theory and provide practical solution.

CO3 - To study and compute each of the following three measures of central tendency (mean, median, mode)

CO4 - To study and calculate the range and quartile range and also realize that these are relatively crude Measures.

CO5 - To learn that the correlation co-efficient measures the strength of liner relationship between two variables x & y.

3) Income Tax

CO1 - To Study the Basic concept of Income Tax.

CO2 - To Study the computation of Income from Salary and House Property.

CO3 - To Understand the computation of Income from other sources and deductions to be made from Gross Total Income.

CO4 - To Study the Income Tax Authorities, Power of Income Tax officer and commissioner.

CO5 - To understand the e-filing procedure of Income Tax returns.

4) Indian Financial System

CO1 - To understand the meaning, definition, structure & organization function of Indian Financial market.

CO2 - To understand the definition, classification of Indian Banks also the Banking Services with its importance of banking services in India.

CO3 - To understand the meaning, functions of commercial bank & also the process of credit creation & its limitation & also the role & importance of commercial bank.

CO4 - To understand the whole function of Reserve Bank of India.

CO5 - To understand the meaning of stock exchange with its function, role & importance of stock exchange.

5) Information Technology & Business Data Processing - II

CO1 - To familiarize with basic of Information and Information Technology.

CO2 - To familiarize with Computerized Accounting Package.

CO3 - To familiarize with basics of Accounting Software Tally 9.0/Higher.

CO4 - To get practical knowledge for handling Computerized Accounting Tally packages such as Company Creation, Groups Creation, Ledgers Creation, Vouchers and Accounting Transaction through Vouchers.

CO5 - To get knowledge of creating accounting Reports and handle Data Export & Import through ODBC and to know computation of GST.

B.Com Semester V

1) Cost Accounting

CO1 - Students will understand the basic concept nature & scope of Cost Accounting with its classification also the role of Management Accounting in decision making.

CO2 - To get practical knowledge of accounting for Material Cost, Cost sheet/ Statement of Cost

CO3 - To get practical knowledge of accounting for Labor cost & tender

CO4 - To get practical knowledge of accounting for overheads and Cost Ascertainment.

CO5 - To get practical knowledge of Reconciliation of Cost and Financial accounts and Process Costing.

2) Business Environment

CO1 - To Study the Indian Business Environment with reference to National Income, Trade, Industries and Agriculture.

CO2 - To understand the problems in development of India, Human Resource in India Unemployment in India.

CO3 - To Study the role of government in Indian Industrial Policy, Trade policy and regulation of Foreign Investment.

CO4 - To understand the concepts of Planning in India and current trends in central and state planning.

CO5 - To understand the International Business Environment.

3) Business Regulatory Framework

CO1 - To know the provision relating to contract.

CO2 - To make aware with provision of special contract consumer's protection and right to information.

CO3 - To have dept about the negotiable instrument and sale of Goods Act.

4) Internet and World Wide Web

CO1 - To know the mechanism of the Internet.

CO2 - To get practical knowledge of Internet Enabled Services such as E-mail, Usenet, FTP, IRC, FAQ, W3C, Browsing, HTML, HTTP, URL etc.

CO3 - To get practical knowledge of Webpage/Website Designing.

5) Essential of E-Commerce

CO1 - To study the uses of Internet and commerce in Business operations.

CO2 - To Understand the applications in Business to Customers.

CO3 - To Understand the applications in Business to Business.

SGMMW

B.Com. Semester VI

1) Management Accounting

CO1 - Students will understand the basic concept nature & scope of Management Accounting with its classification also the role of Management Accounting in decision making.

CO2 - To get practical knowledge of Financial statement and Break Even Analysis.

CO3- To get practical knowledge of Financial statement & Ratio Analysis

CO4 - To get practical knowledge of Cash Budget.

CO5 - To get practical knowledge of Flexible Budget and Budgetary control.

2) Economics of Development

CO1 - To understand the problems in development of India, Human Resource in India Unemployment in India.

CO2 - To Study the role of government in Indian Industrial Policy, Trade policy and regulation of Foreign Investment.

CO3 - To understand the concepts of Planning in India and current trends in central and state planning.

3) Company Law

CO1 - To understand the concept and idea about joint stock company.

CO2 - To develop the knowledge relating to shares and company meeting.

4) E-Commerce-II

CO1 - To Understand the applications in Governance.

CO2 - To Study the Emerging Business Models.

5) Internet & World Wide Web-II

CO1 - To get practical knowledge of Web Browsing.

CO2 - To get practical knowledge of Searching / Directories.

Master in Commerce

PROGRAM OUTCOMES [PG Level]

After completion of Master's Degree in Commerce and Management, the students would-

CO4 Apply social psychological principles to real-world issues.

Crime and Society in India

CO1The causes of criminal behavior.

CO2The significance of criminal profiling to mitigate crime.

CO3The consequences of crime in society.

CO4The elements of criminal justice system.

CO5The significance of Issues Affecting the quality of life of Women.

MA Political Science

PROGRAM OUTCOMES [PG Level]

PO1- To develop political awareness and consciousness among students with subject matter

PO2- The program aims at including political insights and democratic values among students

PROGRAM SPECIFIC OUTCOMES (PSO)

PSO1- Able to conduct socio- political survey on political fields.

PSO2- Learn Indian Foreign Policy and modern Political issues

PSO3- Understand Political process of Indian federation

PSO4- Learn Public administration and socio-political research methodology

PSO5- Understand international politics, relations, laws, conflicts, and various issues.

COURSE OUTCOME

M.A Semester- I

Political Thought in Modern India

CO1- Understand thought of Raja Ram Mohan Roy

CO2- Understand thought of Mahatma Gandhi

CO3- Understand thought Dr Babasaheb Ambedkar

CO4- Understand thought Pt. Jawaharlal Nehru

CO5- Understand thought Dr Bhausaheb Panjabrao Deshmukh

Indian Government and Politics

CO1- Learn Background of the constituent assembly

CO2- Learn fundamental rights and constitutional amendment

CO3- Understand Supreme court its composition and judicial review

CO4- Learn issues in Indian Politics

Public Administration

CO1- Learn meaning, nature, and scope of Public Administration

CO2- Understand major approaches, methods of Public Administration

CO3- Learn basic problems of organization

CO4- Learn principal of organization

CO5- Understand meaning and types of bureaucracy

Theories of International Relation

CO1- Learn meaning, scope, and nature of International Relation

CO2- Learn concept of National Power

CO3- Understand management of national power

CO4- Learn concept of disarmament and arms control

CO5- Understand concept of non-alignment

M.A Semester- II

Political Thought in Modern India

CO1- Understand thought of Mahatma JyotibaPhule

CO2- Understand thought of Vinayak DamodarSawarkar

CO3- Understand thought M.N.Roy

CO4- Understand thought RamaswamyPeriyar

CO5- Understand thought RashtrasantTukdoji Maharaj

Indian Government and Politics

CO1- Learn Directive Principal of state Policy

CO2- Understand nature of Indian Federation

CO3- Learn State Central relationship

CO4- Understand major issues of Indian politics

CO5- Learn issues in State Politics

Public Administration

CO1- Understand Budgeting

CO2- Learn Administrative accountability

CO3- Understand personal administration

CO4- Learn Public administration in the age of LPG

CO5- Understand concept of Good Governance

Theories of International Relation

CO1- Learn End of Cold world war

CO2- Understand north south dialogue

CO3- Understand concept of Globalization

CO4- Learn Environmental Issues

CO5- Understand concept of Terrorist

M.A Semester- III

Western Political Thought and Theory

- CO1- Learn classical Political thought
- CO2- Understand concept of Social Contract
- CO3- Understand concept of Utilitarianism
- CO4- Learn concept of Scientific Socialism
- CO5- Understand concept of revolt against reason

Research Methodology

- CO1- Learn Scientific Research Methods
- CO2- Understand Social Research Meaning definition
- CO3- Learn different method of social research
- CO4- Learn focusing on a Research Topic
- CO5- Understand concept of Hypothesis

Diplomacy and Indian Foreign Policy

- CO1- Understand concept of Diplomacy
- CO2- Learn recruitment and training of diplomacy
- CO3- Learn concept of Consuls
- CO4- Understand concept of Foreign Policy
- CO5- Learn Process of making foreign policy

International Law and International Organization

- CO1- Learn International Law
- CO2- Understand subject of International Law
- CO3- Learn The law of war
- CO4- Understand International Organization
- CO5- Learn Development of International organization

M.A Semester- IV

Western Political Thoughts and Theory

CO1- To understand the political thoughts on Democratic secularism

CO1- To understand the concept of Behaviorist and Political theory

CO1- To learn about the concept of Power, Authority, and legitimacy

CO1- To understand the perspective of states

Research Methodology

CO1- To understand the scientific research design

CO1- To learn methods of data sampling

CO1- To learn about the sample analysis and predictions

CO1- Analysis, interpretations, and case study

Diplomacy and Indian Foreign policy

CO1- To learn the concept of foreign affairs department

CO1- To learn about the role of Diplomat at the United Nations

CO1- To understand the Indian foreign policy

CO1- To learn about the dynamism of National security

International Law and International Organizations

CO1- To learn about terrorism and international law

CO1- To understand the concept of international law and justice

CO1- To learn law of neutrality

CO1- To Understand the concept of league of Nations
